## COLTON HILLS COMMUNITY SCHOOL

### Rationale and Context

**This document outlines the professional responsibilities related to weapons that apply to all staff, in line with Wolverhampton Safeguarding Children Board (WSCB) requirements and procedures. This document has been written following training and guidance for nominated staff from the police on a school's responsibility and powers of search with regards to offensive weapons. This policy relates to all kinds of weapon and any object used with malicious intent.**

The Violent Crime Reduction Act makes it an arrestable offence to carry an offensive weapon in public without lawful authority, or to carry in public any article with a blade or which is sharply pointed without good cause.

It is an offence to carry an offensive weapon or knife on the school premises

The police have the power to enter school premises to search for an offensive weapon.

Recent guidance from the Home Office has determined that possession of knives and other offensive weapons within a school should not be dealt with under the Schools Protocol and National Crime Recording Standards (NCRS) as has previously been the case.

In all cases where possession of a knife or other offensive weapon occurs within school, a crime will be recorded by police and investigation carried out. The offence should no longer be dealt with purely under school rules, policies and procedures

Schools should report all cases where pupils are found to have knives in their possession to the Police, ideally a Safer Schools Officer if available, to ensure that any offences are investigated fully.

### Staff

If a member of staff suspects or is informed by other students that a weapon is somewhere in school or at an offsite educational visit, they must report their suspicion immediately to the **DSL** Protection or another member of the Leadership Group.

# WEAPONS POLICY

## Searching for weapons

The Head and any authorised member of the school staff who has reasonable grounds for believing that a student may have with them, or in their possession, a knife or offensive weapon has the right to search that student.

On occasions when a search is deemed necessary it must be conducted by an adult of the same sex as the student and in the presence of another adult.

The student will not be required to remove any clothing other than outer clothing and if the student's possessions are searched this must also be done in the presence of another adult. The search may be carried out on the school premises or any other place where the student is under the supervision of a member of staff. A weapon detection device may be used by a designated member of staff at this stage.

The person carrying out the search is able to use such force as is reasonable in the circumstances for exercising that power. See the Department for Education guidance on reasonable force: <https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools>

## Police Involvement

In line with Home Office regulations, the Head Teacher and any other authorised member of staff will involve the police in this process. If a weapon is found on the student the Head Teacher or, in their absence, a Deputy Head Teacher or DSL will inform the police.

## Confiscation

The school will confiscate the weapon. This will be handed to the Police.

## Record Keeping

Detailed, up-to-date, written records of all incidents, where a search of any kind has been used, will be kept by the DSL.

The record should include:

- Name of member of staff
- Date and time of the incident
- Name(s) of students involved
- Names of witnesses
- Location of the incident
- Description of the incident
- Steps taken to calm the situation if force was considered necessary
- Reason why the use of force was necessary
- Nature of the force used
- The student's response
- The outcome
- Details of any injury suffered or damage to property
- Details of weapon(s) found

# WEAPONS POLICY

Parents will always be informed within 24 hours if their child is searched for weapons, regardless of outcome. and they will be made aware of the outcome of the search.

## **School Sanctions**

Carrying a weapon is a serious breach of the school's Behaviour Policy and will normally result in permanent exclusion.

In the exceptional circumstances that the student returns to school, a full risk assessment will be completed and maintained while the student remains at Colton Hills.
