## 1. Statement of Intent

At Colton Hills, we believe that every child is entitled to the highest quality learning experiences, irrespective of their starting point. There are no barriers to high achievement and no excuses for not succeeding.

In every lesson, students are exposed to powerful knowledge and culturally rich experiences. Every day we are learning and reflecting on how we have improved ourselves. Through this, we maximise academic attainment so students can go to and through university or secure a valuable apprenticeship and thrive in a top profession.

All students will leave Colton Hills highly numerate and literate, with meaningful qualifications that prove this. They will also leave equipped with both the skills and self-belief to engage with the wider world so that they change it for the better.

Every Child, Every Lesson, Every Day.

### How do we behave?

Our Core Values Framework (PRIDE)

**Participation:** We have aligned autonomy and a spirit of support, teamwork and sharing, but we are disciplined and follow through on our commitments. We advance the mission of Colton Hill by getting things done, to the highest level, every day.

**Respect:** We recognise the dignity and worth of every individual and the contribution they make. We demonstrate professional behaviours, showing kindness and compassion – we treat staff like platinum and focus on our students needs first.

**Integrity:** We are mindful of our actions both in school and within our community. Our openness and transparency instils confidence in others. We take pride in our school and we are loyal to the values.

**Diversity:** We value social and cultural diversity – we are officially a school of ‘sanctuary’. We strive to enrich our community by tackling inequality, promoting fairness and challenging prejudice.

**Excellence:** We raise standards through taking personal responsibility for our achievements and continuous improvement. We set high expectations and seek to become the best version of ourselves by asking two critical questions every day

1. What have I achieved today that makes me proud?
2. How will I be even better tomorrow?

Many Minds, One Mission

Through applying our Behaviour for Learning policy we hope to instill our shared school values; (PRIDE). For everyone to be successful and to maximise learning, we expect the highest standards of behaviour from all students. Behaviour must be exemplary across all elements of school life, all members of the community should show mutual respect and self-discipline and we should never accept anything less. All

students have the right to learn without distraction and the responsibility to support the learning of others.

The school and governors affirm that four clear goals define the basis for the behaviour of our school community. We believe in:

1. Educating the whole person, equipping our young people to play an active and leading role in society, and that our world origin should be no obstacle to opportunities.
2. Developing students to be ambitious, hardworking, and successful and change their family's destiny by being attending university or having a life-changing career by obtaining the best possible outcomes.
3. Encouraging students to have an intellectual interest and curiosity in their studies and extracurricular activities. We want them to be excited by their studies and to become lifelong learners and achieve the best outcomes possible.
4. Encouraging all students to aspire to the highest standards of behaviour and to have high principles and values to become a model citizen.

This policy applies to all members of the community at Colton Hills School in any context when they are representing or linked with the school. This policy should be read alongside the Home School Agreement, linked policies and appendices listed at the end of this policy.

## 2. Aims of the Policy

This policy aims to:

- **Promote a culture of positive behaviour for learning and high performance.**
- Provide a **consistent approach** to behaviour management.
- **Define** what we consider to be unacceptable behaviour, including bullying.
- Outline **how students are expected to behave.**
- Summarise the **roles and responsibilities** of different people in the school community (students, parents and staff) in establishing and maintaining excellent standards of behaviour.
- Outline our system of **rewards and sanctions to promote high performance.**

## 3. Positive behaviour for learning culture

Our school ethos is built on promoting a **positive learning climate to maximise learning** in order for students to reach high performance. Relationships are a crucial aspect within our school and all members of the school have a responsibility to develop and sustain a positive relationship. To support this, we use positive strategies to influence behaviour for learning and restorative practice to build, repair and maintain relationships.

Positive strategies to influence behaviour for learning and promote high performance are embedded in our 'Colton Hills Classroom Routines' and the 'Colton Hills Way of Teaching' which are outlined in the 'Teaching and Learning Policy'. We also promote our 'Culture of RESPECT', linked to our PRIDE values, outlining the following expectations of all students:

Respectful to others at all times  
Excellence, through 100% effort  
Support one another, show concern for society  
Perseverance and resilience  
Every time, first time of asking  
Corridors calm, conduct excellent  
Try your best, full participation

To encourage positive behaviour for learning, staff will take every opportunity to praise students' contributions in all areas of school life and we aspire to reward students' work and behaviour on a ratio of 5:1 (positive to negative).

## POSITIVE LEARNING BEHAVIOURS

We are working to develop all of our students into 'high performance learners.' We use the High-Performance Learning (HPL) philosophy and framework. This means that we believe that all students can be high performers, and we teach with these expectations in mind. The HPL framework allows us to develop in a way that builds on our success in working to support and develop our students. HPL is underpinned by the following principles:

- high performance is attainable for most students, regardless of their starting points.
- it is possible for our students to build the skills needed to be high performers and succeed in life;
- students who are confident, able to think for themselves and have a concern for others, are ready for college, the workplace and life, in general.
- These are further supported by HPL which identifies key characteristics and attributes that prepare young people to succeed in learning and in life. They are categorised into **Advanced Cognitive Performance** characteristics (ACPs) and **Values, Attitudes and Attributes** (VAAs). We are seeking to build the confidence and aspirations of our students. Here our students are 'taught' how to think through the ACPs and how to behave through VAAs, not so that they can be passive recipients of information or instructions, but so that they can access a 'toolkit' of learning skills that will serve them for life. In the employment market it is more important than ever to be able to collaborate effectively, and confidently understand and demonstrate skills like adaptability, reflection and resourcefulness.

### 4. Recognition for High Standards of Behaviour

The ability to self-regulate is one of the Advanced Cognitive Competencies (ACPs) that form part of the HPL framework and consistently taught to students through the curriculum and the wider life of the school.

The successful management of behaviour and rewards is central to our school ethos to provide an environment within which students and adults can develop good relationships, showing care, respect and consideration for each other within the school and the community. Our rewards policy encourages and rewards students who apply themselves and behave in a commendable way to support the ethos of the

school as role models and **to develop their own potential (potential is limitless)**. Every day we strive to find opportunities to celebrate student success and 'catch students being good', this is essential to promote our positive behaviour for learning ethos. This ethos captures those students who show the school's values (PRIDE), demonstrate exemplary behaviour in class and high-performance skills and competencies around school and the community. Rewards will also be explicitly linked to our Culture of RESPECT.

The classroom standards and expectations are based on our school values: PRIDE, our Culture of RESPECT and high-performance learning.

## 4.1 Verbal and non-verbal praise

In every lesson student will receive verbal and non-verbal praise from staff based on the schools PRIDE values. Routinely in lessons, staff will praise students for their consistent high levels of effort or achieving or exceeding expected progress **to work towards high performance standards, notably, the Values, Attitudes and Attributes (VAAs)**.

In order for praise to be the most effective it needs to be:

- Personalised, using the student's name.
- Linked to the specific action
- Consistently used in all lessons as part of our teaching
- Sincere and genuinely expressed with appropriate language and tone
- Private and discreet when required.

## 4.2 Achievement points

Achievement points are awarded to students regularly for demonstrating the school values (PRIDE) **which are linked with the HPL Values, Attitudes and Attributes**, through Go4Schools. Tutors and Year Leaders monitor these and collate the number achieved by individual students, tutor groups, year groups and their house. These are displayed every week in tutor time and on the TV monitors around school. At the end of each half term, we also share the results in our Newsletter. Achievement points are one of several criteria used to support a student's qualification for our half termly reward events along with attendance, punctuality, behaviour and levels of engagement.

These can be monitored by students and parents through the Go4Schools app, which is available to download from the [Apple App Store](#) and [Google Play](#).

## 5. Sanctions and consequences for non-compliance

Teachers who work hard to prepare their lessons have the right to deliver them successfully. Behaviour for Learning is key to success and disruptive behaviour will not be tolerated, as it affects the learning of others. Rules are in place to ensure the safety of all students, staff and visitors. If students misbehave and do not follow the student code of conduct and classroom expectations students will be sanctioned according to the 'Behaviour Pathway' as explained in section 9.

Equally, students have the right to be provided with structure and consistency, which enables them to

reflect on and understand the impact of poor behaviour so that they are able to make the correct choices. All corrections of a student's behaviour should be clear, fair and focused on restoring learning.

As a restorative school, we emphasise the importance of relationships for supporting emotional wellbeing, resolving conflict and preventing harm. The 'Behaviour Pathway' focusses on a restorative conversation taking place at all stages of the behaviour pathway. This provides opportunities for students to talk with staff and for them to reflect on their poor behaviour and the consequences of such negative behaviour using the restorative conversation principles outlined below.

We will communicate to parents/carers when their child's behaviour is not as expected and has led them to receiving a sanction via the go4schools and a range of options such as a text, email or a call home, so that you are able to discuss with your child to prevent this happening again.

At any time, you are welcome to call your child's form tutor to discuss their behaviour and to monitor how well they are doing.

**If a student misbehaves and does not follow the student code of conduct the Behaviour Pathway will be used by staff.**

## 6. Definitions of Misbehaviour

**Misbehaviour** is defined as:

- Disruption in lessons, in corridors between lessons, and at break and lunchtimes
- Non-completion of classwork or homework
- Poor attitude
- Incorrect uniform, appearance or equipment (see separate Uniform, appearance and equipment policy)
- Truancy

**Serious misbehaviour** is defined as:

- Repeated breaches of the school rules
- Bringing the school's reputation or reputation of staff members into disrepute
- Any form of bullying
- Sexual assault, which is any unwanted sexual behaviour that causes humiliation, pain, fear or intimidation
- Vandalism

**Serious misbehaviour may lead to a suspension (stage 6) or a permanent exclusion (Stage 7), which is decided by the Headteacher or the designated member of the Senior Leadership Team.**

## **7. Student code of conduct**

Students are expected to:

- Behave in an orderly and self-controlled way
- Show respect to members of staff and each other
- Uphold our Culture of RESPECT
- In class, make it possible for all students to learn, stay on task and not distract others and remain seated unless instructed to do otherwise by a member of staff.
- Move quietly, in single file and on the left around the school
- Treat the school buildings and school property with respect
- Wear the correct uniform at all times (For detailed guidance please refer to the Uniform, Appearance and Equipment Policy)
- Be equipped for lessons (For detailed guidance please refer to the Uniform, Appearance and Equipment Policy)

- Accept sanctions when given.
- Refrain from behaving in a way that brings the school into disrepute, including when outside school.

## 8. Definitions of Bullying

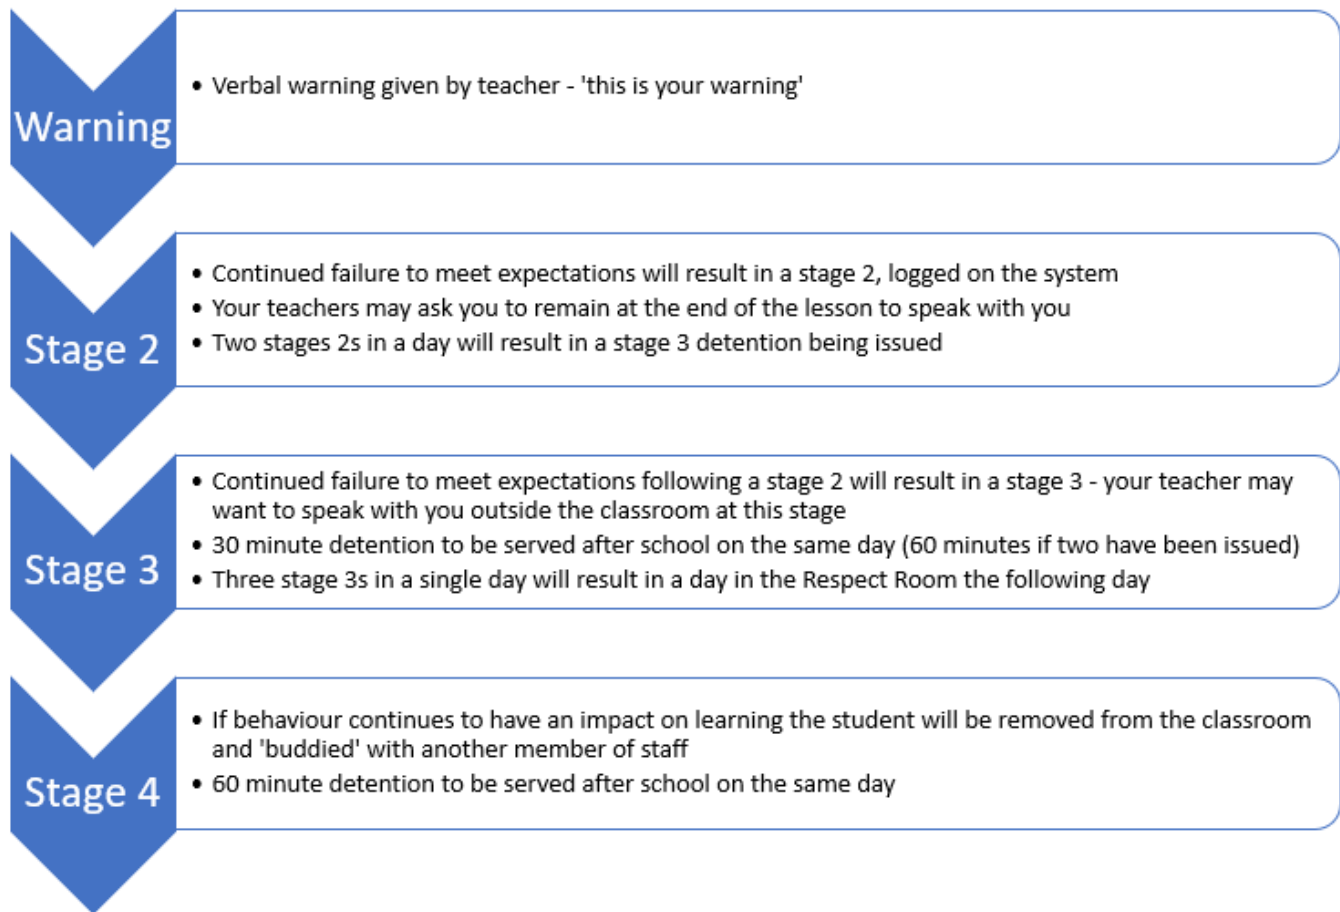

**Bullying** is defined as the repetitive, intentional harming of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying, racism and discriminatory behaviour will not be tolerated.

Bullying is, therefore:

- Deliberately hurtful
- Repeated, often over a period of time
- Difficult to defend against

Details of our school's approach to preventing and addressing bullying are set out in our anti-bullying policy.

## 9. The Behaviour Pathway

All detentions will take place the same day up to an hour, if this is not possible, they will be scheduled for the following day. As outlined in the home school agreement (see appendix 2) students can be detained for 1 hour, if students are required to stay for longer parents will be contacted. Parents can monitor if their child has a detention via the go4schools app. This is crucial as we would like each student to start fresh each day so that they can focus on learning and ensure lessons are as positive as possible.

## 10. Off-site Behaviour

Sanctions may be applied where a student has misbehaved off-site when representing the school, such as on a school trip, in the park, on the bus on the way to or from school. Sanctions can also be put in place for behaviour outside of school when the student is identifiable as a member of the Colton Hills community.

## 11. Malicious allegations

Where a student makes an accusation against a member of staff and that accusation is shown to have been malicious, the headteacher will discipline the student in accordance with this policy.

Please refer to our safeguarding policy/statement of procedures for dealing with allegations of abuse against staff for more information on responding to allegations of abuse.

The headteacher will also consider the pastoral needs of staff accused of misconduct.

## 12. Student Support

The school recognises its legal duty under the Equality Act 2010 to prevent students with a protected characteristic from being at a disadvantage. Consequently, our approach to challenging behaviour may be differentiated to cater to the needs of the student.

We will put appropriate measures in place to manage the student's behaviour, usually in consultation with the SENDCO and relevant member of the Senior Leadership Team and to determine whether they have any underlying needs that are currently not being met.

Where necessary, support and advice will also be sought from specialist teachers, an educational psychologist, medical practitioners and/or others, to identify or support specific needs.

When acute needs are identified in a student, we will liaise with external agencies and plan support programmes for that child. We will work with parents/carers to create the plan and review it on a regular basis.

If a student is excluded as part of our reintegration process, all students will be placed on a Behaviour Contract and will report to a nominated member of staff at a specified time every day with their report. A range of support measures including relevant intervention programmes will be considered and any barriers to learning will be discussed.

## 13. School Uniform

We believe that school uniform plays a valuable role in contributing to our ethos, setting an appropriate tone and instilling pride. The uniform also plays an important role in:

- Supporting positive behaviour and discipline, encouraging identity with, and support for the school ethos
- Promoting a strong, cohesive, school identity that supports high standards and a sense of identity among students. If some children look very different to their peers, this can inhibit integration, equality and cohesion
- Ensuring students from all ethnic and socioeconomic backgrounds feel welcome and protecting children from social pressures to dress in a particular way.

- Nurturing cohesion and promoting good relations between different groups of students.
- Students who do not adhere to the uniform will be sanctioned. For detailed guidance please refer to the Uniform Appearance and Equipment Policy.
