BRU/SHI

Thursday 26th March 2026

Dear Parent/Carer,

As part of our support for students preparing for their GCSE Computer Science examinations, we would like to let you know about a series of **Easter Holiday Revision Sessions** taking place online during the Easter break.

These sessions will run from **Monday 30 March to Friday 10 April,** from **5:00pm to 6:00pm each day,** and will focus on helping students improve their confidence in key exam areas such as **pseudocode, Python programming, and exam-style problem solving.**

Students will be supported through carefully designed revision materials, including worked examples, knowledge organisers, challenge booklets, and interactive revision tasks. The sessions are intended to help students strengthen their understanding and apply their knowledge more effectively in the exam.

For safeguarding and to keep the sessions focused, **students will not need to use webcams or microphones.** They will be able to take part using a **Q&A tool** instead.

Joining link:
https://meet.google.com/uhs-pwsb-cuv

We strongly encourage students to make use of this valuable revision opportunity over the Easter holidays.

Yours sincerely

Mrs J Johal

Curriculum Leader IT
