Dear Parent/Carer,

Re: Recent Set Changes and Timetable Updates

I am writing to inform you of some recent changes to teaching groups following assessments completed by students.

These assessments have provided us with valuable information about students' current knowledge, skills and understanding, allowing us to review teaching groups and ensure that students are placed in the most appropriate set for their current level of attainment.

Please be assured that these decisions have been made with careful consideration, taking into account assessment outcomes and the importance of ensuring that all students are appropriately supported and challenged in their learning.

As a result of these changes, students have received their new timetables, and the reasons for the changes have been explained to them.

It is important to emphasise that **set placements are not permanent**. We will continue to monitor students' progress closely, with future assessments providing further opportunities to review placements and make adjustments where appropriate. Our priority is to ensure that every student is in a learning environment that allows them to make the best possible progress.

We recognise that changes to teaching groups can sometimes cause uncertainty for students and parents. However, we hope you will understand that these decisions have been made with the best interests of our students at heart.

Thank you for your continued support as we work together to help every student achieve their potential.

Yours sincerely,

Mr Ponsford

Mr. Ponsford

Deputy Headteacher
